This is a list of Nebraska Medicaid Managed Care providers who can help you if you ever need mental health or substance use disorder services. Providers who have told Magellan that they are not seeing new members have been removed. Anyone included on this list should be able to help you.

Magellan Behavioral Health of Nebraska manages mental health and substance use disorder services for enrolled Medicaid recipients and other eligible persons. If you have questions regarding your Medicaid eligibility information, call NMES (Nebraska Medicaid eligibility system) at 1-800-642-6092 or, in Lincoln, call 471-9580.

Medicaid services are provided at no cost to enrolled Medicaid recipients.

You can call us for a referral to a provider or you can contact a provider listed in this directory. In the directory, providers are listed for each metro area and then by city.

The directory includes all providers who were active with Magellan at the time of publication. There probably have been changes since then. All providers were accepting new Medicaid clients at the time this directory was printed. Please call us with any questions or for help in finding a provider.

If you need help locating a provider or if you have any questions call Magellan Behavioral Health of Nebraska at: 1-800-424-0333 or TDD/TYY: 1-800-424-4045
