Mission Statement

The Provider Advisory Committee exists to serve as a bridge between behavioral health providers, the behavioral health service system and Magellan Behavioral Health of Nebraska, Inc. to ensure ongoing collaboration and excellence in behavioral health care. The committee will provide feedback, make recommendations and suggest new ideas to Magellan regarding key clinical and service decision areas.

Agenda Item	Discussion	Responsible Party	Follow-up Date
1. Review Mission Statement	<i>Co-chair, Mark S. read Mission Statement to begin meeting. Mark S. asked for feedback from committee members about how they feel the PAC is doing to fulfill the Mission Statement. Committee members discussed the importance of helping peers/other providers understand Magellan's role, the importance of encouraging peers/other providers to give feedback to Magellan and help identify gaps in services.</i>	<i>Mark S.</i>	<i>N/A</i>
2. Approval of Previous Meeting Minutes	<i>February 12, 2015 PAC meeting minutes approved as submitted; no revisions.</i>	<i>All Members</i>	<i>N/A</i>
3. Review RFI Secure Residential Rehabilitation Services proposal request letter	<i>Teresa D. asked committee members for feedback on a draft letter requesting proposals for Secure Residential Rehabilitation Services. Feedback is to be sent directly to Adam Proctor, Director of Systems Transformation.</i>	<i>Adam P.</i>	<i>N/A</i>
4. NCCI Edits: Individual and Family sessions on the same day	<i>Teresa D. shared that NCCI edits that went into effect on 10/1/2014, related to individual and family therapy sessions performed on the same day, will be reversed by CMS. Refund requests that were sent related to these specific edits will be reversed and providers will be allowed the opportunity to submit corrected claims if needed. Claims that were</i>	<i>All Members</i>	<i>N/A</i>

		<i>submitted correctly and include both CPT codes will be adjusted by Magellan with no further action needed by the provider. Provider notification will be written and distributed to providers.</i>		
5.	Updates on the Magellan/Breakthrough telehealth project	<i>Committee members discussed the Magellan/Breakthrough telehealth program, including the PCP marketing flyer that Magellan developed for panel members to distribute to PCP's in their areas. Teresa D. shared that Magellan/Breakthrough panel members have identified some barriers to more members utilizing telehealth: technology may be lacking and some members have expressed reluctance due to concerns about their privacy. Magellan has discussed with Breakthrough the possibility of a 'demo' video for members to view so they could get an idea of what to expect during a telehealth session.</i>	All Members	N/A
6.	Follow-up discussion: Provider perspective on consistency of clinical decision making in the authorization process	<i>Mark S. asked all committee members for feedback on whether or not the consistency of clinical decision making during the authorization process had improved. Committee members reported they hadn't heard any additional feedback on this topic since the committee's last discussion.</i>	Mark. S.	N/A
7.	'Tips to Thrive' Provider Newsletter Articles – Volunteers for upcoming newsletters	<i>All committee members were asked for article suggestions/submissions to include in future issues of our provider newsletter.</i>	Mark S./Teresa D.	N/A
