Moving forward through transition

A message from John Wendling, CEO, Magellan Healthcare in Nebraska

Over the last several months we have shared information about the Nebraska Medicaid change to Heritage Health. This process continues to move forward toward the January 1, 2017 implementation date. We are working closely with Medicaid to support transition for the state, Medicaid members, and our providers. [Read more](#)

"It is our intention to do as much as we can to make the transition seamless."

Important credentialing and contracting information

In preparation for Heritage Health, Magellan will stop credentialing and contracting processes on October 1, 2016.
